Figure 1 JCM GEN Printer Evaluation Harness (P/N 150-00013-100)

Part No. 150-00013-100

Description: JCM GEN Printer Evaluation Harness

Note: The JCM GEN Printer Evaluation Harness (Figure 1) is a Universal Harness used to connect a 24-Volt Power Supply (P/N 350-00258-100) to a GEN Series Printer that uses a standard 14-pin Printer Connector output on the Printer's Coil Cable. The JCM GEN Printer Evaluation Harness provides power and connection for testing of the Printer.

The Evaluation Harness' DB9 Serial Connector allows the Printer to be connected to a PC's Serial Port. This connection enables status and functional testing of the Printer using the JCM Printer Basic Driver Test Application. The Application download is available on the JCM Global Exchange® site at <https://exchange.jcmglobal.com>.

The Latest JCM Software Listing (shown above) identifies specific software versions that have been released to OEMs. **It is the responsibility of the OEM to obtain all required approvals from Gaming Regulators and Jurisdictional Authorities necessary for use of approved software versions.** Contact the Game Manufacturer (OEM) for information on specific software releases approved for use within your gaming jurisdiction.

JCM Global recommends using the latest version for maximum acceptance, security, and performance.

JCM eLearning Offerings

JCM offers the following Training Options to help keep your JCM Products performing within factory specifications:

Online Training

For those who prefer self-study, Online Training is available 24/7. Training can be completed as your schedule permits. A Certificate of Completion is provided upon course completion.

Virtual Training

Instructor-led events for all JCM products are also available. Full interaction between attendees and the Instructor meets the needs of your team. Contact JCM Training at training@jcmglobal.com for more information.

Create Immersive Environments with JCM Global® Digital Signage Solutions

JCM Global Digital Signage Solutions allow operators to communicate with their guests in more meaningful and entertaining ways. With unsurpassed color uniformity and dazzling pixel-to-pixel resolution, JCM's digital signage technology offers guests a unique experience in sports books, hotel lobbies, casino floors, and more. The Digital Signage Solutions product line includes flat, curved, cube, and transparent displays that showcase engaging and impactful video content. From large scale LED video walls to intricate architectural signage, JCM delivers breathtaking installations that are only limited by the imagination.

FREE JCM TRAINING AVAILABLE 24/7

Technicians need training, but is time or class availability a problem? JCM Online Training offers classes to meet your schedule and your needs. JCM Online Training Programs feature the same content as JCM On-site Training with the added convenience of flexible scheduling. Visit training.jcmglobal.com for more information or to register for classes.

Technical Bulletin 202212 December 2022

HAPPY HOLIDAYS

As the Holiday Season is upon us, we find ourselves reflecting on the past year and on those who have helped shape our business. We value our relationship with you and look forward to working with you in the year to come.

We wish you a Happy Holiday Season and a New Year filled with Peace and Prosperity!
