## Parts are Parts

Figure 1 Motor and Gear Unit, iVZ-SH (P/N 239528)

**Part No.** 239528

**Description:** Motor and Gear Unit, iVZ-SH

**Usage:** Stacking banknotes into a high-capacity cash box requires more torque than a 500 or 900 note cash box. The iVIZION®-101 SH Unit has a Motor Gear Assembly (Figure 1) designed for use with the 3000 note horizontal stack cash box to provide increased stacking power and reliable performance. This is the only Motor Gear Assembly approved to be used in the iVIZION-101 SH Unit.

**Note:** To ensure optimum performance of the iVIZION-101 SH, use only approved components, such as the Motor and Gear Unit, iVZ-SH. Motor Gear Assemblies from a iVIZION-100 SS Unit or modified for use in the iVIZION-101 SH will result in degraded performance and frequent failures of the stacking function, and should not be used.
